Livonia PTSA Council strives to recruit volunteers from all areas of our school communities. Please consider offering your time and talents as a member of any of Council's committees or executive board. As a committee member, your attendance at meetings is not required, only your dedication to promote the benefits that PTSA Council offers to students and families in our schools.

Livonia PTSA Council operates with six elected officers and an executive board consisting of individuals dedicated to serving the needs of students and families in our school community. While holding an officer's position or chairing a committee on Council, many executive board members are also very involved with serving their local PTA/PTSA units.

Service as a Council executive board member requires attendance and participation at monthly executive board meetings, which are typically held on the third Wednesday of each month from September through June. In addition, each Council board member will act as a liaison for one or two local PTA/PTSA units. Board members are expected to support various Council events and attend special meetings as needed. In order to serve on the executive board, applicants must have at least one year of service at the committee level.

Thank you for your interest in serving on the Livonia PTSA Council. To learn more about Council committees, please reach out to [president@livoniaptsacouncil.org](mailto:president@livoniaptsacouncil.org)
