Re: Youth Making a Difference Program for 2022-2023

Enclosed are the forms for the Youth Making a Difference Program. We are so glad to be back in person and can't wait for the program to be bigger and better than ever!

It is up to you as chairperson for your school what you would like to set as deadlines for your school. Just keep in mind that we will need to have a count of total number of participants by March 1 so the invitations and certificates can be printed and distributed.

The program Celebration is planned for April 27th at Churchill High School.

Suggestions and comments are welcome and requested! If you have any questions or concerns, please contact us at YMAD @livoniaptsa.org

Nikki and Debbie
